BUFFALO NIAGARA MANUFACTURING ALLIANCE

BNMA August Member Event Tour of Rigidized Metals with Networking at Duende.

About: Rigidized®Metals Corporation, originally Rigid-tex® Corporation, was founded in 1940, its main thrust was to provide deep textured metal for industrial applications. Today, over 75 years later, with its third generation of family-owned leadership, Rigidized® Metals Corporation continues to lead the world in the development and production of engineered surfaces, now used in architectural, industrial, and transportation applications.
